SIX HOURS FOX CHASE.

Hottest Chase Ever Known in Meade County.

"TIP" AND "TIGE" CARRY OFF THE HONORS

Sweet, Melodious Music Thrills The Mid- Night Air.

LONG BRANCH, Nov. 13th (Special).—Saturday night last Messrs. Jim Bickerstaff, Will LeGrand, Zach Frymire, Henry Adkisson, Gus Allen, John T. Ditto and some other friends made appointment for a rousing good fox hunt and they sure had it.

Bickerstaff, LeGrand and Ditto had eight dogs. They met Gus Allen at the top of the hill on the road from Buck Grove to Coleman & Child's mill.

In a few minutes after meeting one of the dogs started a grey fox, that was of short duration. After they holed this one and got the dogs in they had not gone more than one-fourth mile before they started another and soon put him in the ground. At the end of this Adkisson and Frymire came to us with five more dogs, giving us thirteen. We did not stop to question the unlucky number, as some might have wanted to turn back or kill one of the dogs. A consultation was held as to where we should go to get a good red fox chase.

They soon decided that on Judge Woolfolk's place, the head of Doe Run Creek. He had a fox that was a special pet, having been fed on nice young lambs, pigs, chickens and plenty of sulphur water to keep him in perfect health to make him favorable for an all night runner. We soon landed at our objective point. Shortly after then the dogs struck a trail that was very good and the dogs worked faithfully for fully three quarters of an hour. Finally Will LeGrand's old "Dixie" who is a wonderful starter had hustled out and struck him fully one-half mile away giving a pretty good mouth. We hustled the other dogs toward the direction she seemed to be coming and it was not long until they began to fall in and they soon got him to going. It was soon settled that it was an old red fox but whether it was the special pet of the Judge's was a question. The little wind that was up and the clouds that hid the moon by this time had disappeared and a lovelier condition for a chase was never seen. While this fox proved to be a red he was only of about one hour runner. We soon got the dogs together again after this chase and started in search of the famous runner. We had not gone any great distance until Zach Frymire's old "Lige," that has a wonderful reputation as a starter and runner give mouth. The start was pretty brisk and it was thought for some time from the way he was acting that it was another grey, but it proved differently as they progressed farther. We started this lad at 10-50 p. m. and he gave us an exciting run until 5:15 a. m. making about six hours and five minutes of the hottest fight that has been known by some crack dogs for many a day. There was but two dogs that went the whole chase without ever coming in to us, and they were Adkisson's "Tip" and young "Tige." What they did to the others was a plenty. The notorious "Queen" of Ben Withers and "Venus" of LeGrand had Adkisson's dogs hustled up for awhile but they never came to us, but kept pulling until they got in again, and then they had their own way about it pretty much all the way through.

There were dogs in the run that was never known to get thrown out of chases or pull out before that failed to go all the way on this one six hour run. The boys are going to petition Judge Woolfolk to continue to give good care to this fox. He is a very hard fox on the dogs to run on account of practices of using thickets and briar patches as a gray. There was a fine lot of ambitious dogs in the chase and it took dogs of wonderful grit to stay there, and as I have said Mr. Adkisson had the only two dogs that proved to run the whole race through without getting into us. Gus Allen's old "Silby" that was never known before to come in as long as the fox was on top of the ground, got thrown out. There was not a minute of the chase that was not enjoyable as they scarcely got out of our hearing any time. Many times did they play down the middle of the county roads giving music to a lover of the sport that one could never close an eye so long as it was going.

There was an elegant fire about center of the rounds and there were many jokes and fox stories told, and wonderful dogs discussed. Gus Allen says, look out for a black back, whites of eyes yellow, yellow legs and yellow toe nails. They are sure marks by old fox hunters of a good dog. They are marks of Henry Adkisson's pair. You must be sure of some good dogs when you get after those kind. We broke camp at 6 a. m.

At Hite's Run.

Thursday night there will be a temperance rally at the Hite's Run church. Bro. Rutledge and Mr. H. V. Harris, from this place, will be the speakers of the occasion and a good crowd is expected.

Will Summer at Patesville.

F. M. Rigdon, of the Macneil Life Insurance company at Kentucky, has bought a tract of land at Patesville, from Allen Jarboe for \$250 and the Jarboes interested in the farm owned jointly by Rigdon and Jarboe for \$300. Mr. Rigdon expects to improve the place, build a new house, and make it his summer home.

Going to a Good Town.

B. A. Parks, of Clifton Mills, has sold his farm to John S. Wright and will leave with his family this week for Morgantown, where he will engage in the real estate and insurance business. The News wishes him success in his venture.

Program Re-arranged.

In a communication from J. J. Wheeler, President of the Farmers' Institute that meets at Rome, Ind., as previously announced, we are authorized to say that O. M. Hobbs, one of their state speakers has been compelled to cancel his engagement with them so the program has been re-arranged to some extent.

IRVINGTON.

The weather is ideal.

Miss Krall made a flying trip to Louisville Saturday, returning Sunday eve.

Mrs. R. A. Wrenthor and little Ben made a trip to Louisville Friday, returning Sunday. They combined business with pleasure.

Mrs. R. M. Jolly, accompanied R. J. Cain, of Jolly & Cain, to the city Friday, and assisted in the selection of dry goods and notions for the approaching holiday trade. Go and see those beautiful new patterns of percales, prints, etc., and I know you'll purchase.

Miss Nita Beard, of Hardinsburg and Miss Nanny Jolly had a pleasant day in the city last Friday.

A large concourse of friends followed the remains of Mr. James Dowell to Freedom Sunday where he was buried. Mr. Dowell was one of the substantial farmers of this community and had a host of friends. His illness was brief, but during that time he was surrounded by all his family and constantly asserted his readiness to go. He was a consistent member of the Presbyterian church, and an officer in the church for years, always earnest and generous; only a few weeks ago he gave a liberal donation to the church now being built at Irvington, remarking, "I may not live to enjoy it but others will." Truly this is characteristic of a true Christian spirit. The bereaved family we tender our heart felt sympathy.

A new line of zephyrs at Jolly & Cain's. Bro. Lewis began a protracted meeting in the Baptist church Sunday morning. Rev. McFarland of Louisville arrived Monday and will remain some time assisting in the good work. We trust their efforts combined with those of the Christian people of the community may be of great benefit to the town and country.

Bro. Mill is with us again. He had quite a severe attack of tonsillitis and malaria, but we are thankful he is able to be with us again. We believe his presence among us will be a benediction in truth.

Mrs. Cain and little tots from Vine Grove arrived Sunday for a visit with her parents. Little Marietta is as "fat as a pig" since her recovery from typhoid fever. We are glad to see them once more.

Jolly & McGlothlin's are headquarters for caskets, coffins and hearse. So then should you need anything in that line.

The friends of R. M. Jolly will be glad to hear that he is able to dress and walk about his house. He has been confined to the house for more than five weeks, but he has done so well considering his serious illness that he stands the confidence heroically. He will be glad to be able to resume his business relations from every standpoint.

Our friends both at home and afar have been to kind, attentive and sympathetic in our time of anxiety and watchful care over the sick bed of our dear one, that I feel I must through this medium, thank each and every one, and assure them of the tenderest feeling in the depth of my heart for their expressions of kindness and sympathy and assure all they are appreciated and treasured.

Miss Ida McGhee is a pupil in the Irvington College again. Our school continues to grow, and with one of the finest educators in Kentucky at the head, with competent assistance, our school is a certainty and a success. Come and try for yourself and share our advantages for your children.

Mrs. Key J. Cain is the proud possessor of a handsome piano, a present from her distinguished father, Hon. Chas. Blandford.

It gives us much pleasure to state that Sam Herndon is rapidly improving and with no relapse, will soon be on his feet again. He has certainly had a very serious illness and his friends rejoice with them all on his recovery. Little David too is doing well, and we trust his illness will be less serious than was Sam's.

Ada Smith is rapidly regaining her former health. While her illness was tedious, yet she has battled it successfully and is as "frisky as a peach" now. We are so glad for her and little Kenneth, the 3 year old tot, who had a severe, but he is getting well fast. Truly Irvington should feel proud that out of so many serious cases of typhoid fever, not a single death has occurred. This speaks well for our home doctors.

Mrs. Garden's father, Mr. Ben Cunningham, spent a day or two with her last week. Little Lamar Gardner was ill last week but is able to be at school this week. Mr. Jim Bramlette spent Sunday with his family. He is engaged at Hardinsburg in the big warehouse of Menley & Beard.

Roy Wimp is in Lexington attending the A. & M. College. He writes delightedly of it. We are glad to know he is so well pleased with his new surroundings. For stylish foot gear see Jolly & Cain's stock. Best in the town and cheap too in price but not in quality.

Controls a Trust.

Prof. W. B. Maple, principal of the Cloverport High School, has every thing at his quarters working under an elegant system; just what that system is the writer is unable to find out, but he does know that the professor is one of the most congenial and friendly in town ever met, and probably he has control of one of the largest trusts in the country—that is the trust of the people. He doesn't believe in 'em.

DUKES.

What a hero is Governor Bradley in time of peace!

Didn't those Democratic purifiers leave old Kentucky in a healthy condition?

Soon the bird law will be out, then the poor partridge's trouble commences.

Mr. Starks has been ill for some days. Farmers are having nice weather for gathering their corn and completing their work before winter begins.

We are having the best school we have had for a long time.

The devil as usual played a good hand in the election.

Misses Katie Robinson and Beulah Roberts went to Cloverport Thursday shopping.

We hear that Cloverport is going to try for Local Option. We hope the women of that place may be rewarded for their labors by seeing their town cleared of that terror of terrors, King Alcohol.

L. H. Burnett sold Dave Howland a nice young mare for \$50 this week. A good deal of the tobacco has been sold in this neighborhood. Prices have been reasonably good.

Never in the history of the United States has there been a candidate so persecuted as William Goebel has been. Persecutions bring a great weight of glory however.

The nuptials of Mr. Lee Miller and Miss Annie McGavock were solemnized Sunday at the home of the bride's parents. Rev. H. C. Cook officiating. The bride is the refined and cultured daughter of Thomas McGavock. The groom is an education and progressive young farmer of Breckinridge county. They left immediately for their new home near Hardinsburg. They have the best wishes of their many friends.

\$50 Reward.

A reward of \$50 will be paid for information which will lead to the arrest and conviction of the party or parties who attempted to wreck the train of the Breckinridge Cannel Coal Company at number seven trestle by placing obstruction on the track between the hours of 10 a. m., and 3 p. m., November 13, 1899.

H. V. HARRIS,
General Manager.

Death of Lewis Hanks.

HARDINSBURG, Ky., Nov. 12.—(Special) News was received here yesterday of the death of Rev. Lewis Hanks at Winchester, Ky. Mr. Hanks was a member of the Methodist Conference, and was stationed at Winchester. He was a son of Samuel Hanks of Stephensport.

Murray Cemetery.

The fence that incloses the Murray Cemetery is in a dilapidated condition. All relatives who have their dead buried at this sacred place ought to by all means lend a helping hand towards repairing it. As it is, the cattle roam all over it and unless immediate attention is given to it, it will go to ruin.

ADDITIONAL HARDINSBURG.

James St. Clair Webster was here last Monday and qualified as the administrator of R. B. Cadden.

To have your eyes tested and fitted with glasses that will make you see as well as when you were a young man call on Dr. James Lewis, oculist and optician with T. C. Lewis.

A brand new stock, everything clean and of the best quality at the lowest prices such goods can be made. Come and see them so when you need them you will know where to find them.

T. C. Lewis.

Miss Florin Hardin and Mr. Forest Haynes of Holt were the guests of Mrs. Witt a few days last week.

First class repairing done here. We have a competent workman in charge so you run no risk when you have repair work in his hands.

T. C. Lewis.

Miss Arrie Robertson, of Gloucesters, spent the day with Miss Alice Witt Saturday.

Always Ahead.

The Louisville Evening Post has surpassed any metropolitan daily yet, when it comes to furnishing the news. On the night of November 7th, a special train loaded to its capacity was run over the "Henderson Route" spreading the news along the different stations foretelling the results of the election. It was a big undertaking and costs a great deal of money, but the Post people do not go into matters by halves. They are enterprising and progressive journeymen.

Temperance People at Work.

The members of the W. C. T. U. and many other lovers of temperance met at the Christian church Monday night. Several good speeches were made and some music enjoyed. Many plans of campaign work were devised, and reports of committees were heard. The good people of this town are in earnest about this matter, and are making every effort to carry their election in December. A committee was appointed to go to Pigeon Tuesday night to organize a W. C. T. U. and speak for local option.

Prof. Maple at Holt.

Professor Maple has an appointment at Holt's Chapel Friday night, November 17, to speak for the cause of temperance. All the people in that neighborhood are requested to come out and hear him and their assistance to this good cause.

The Vote Counted.

HARDINSBURG, Nov. 13.—(Special)—There seemed to be no special interest taken in the counting of the votes by the Board of County Commissioners last Friday. The result of the election in the county had already been announced, and there was not likely to be variance in the result. The Commissioners, Tice Jolly, Taylor Beard and John Jennings, met in the county clerk's office about eleven o'clock. Those present besides the Commissioners were R. N. Miller, C. P. Hook, Claud and Jones Mercer. The counting of the votes was soon proceeded with, and there being no contest from any quarter, the board was not long in completing the count.

Messrs. Miller and Hook represented the Republican side of the ticket, and Messrs. Mercer were there for the Democrats. There could have been no equable among these parties, if any party had desired to have gotten one up. The election through the county had been fairly conducted, and all that remained to be done was to announce the official result. This the News gives elsewhere by precincts.

Official Vote of Breckinridge County.

The official vote of Breckinridge county was not received in time to print in full in this issue. It will be printed next week.

The vote for Governor was as follows: Goebel 1722, Brown 86, Taylor 2129, Blair 66, Wallace 42 and Schmutz 2. For Representative, Barry 1692, Hanswell 2053, Harned 81.

For Justice of the Peace in the 4th district Sam Payne, Republican, received 265 votes and P. P. Roberts, Democrat, 237. In the 5th district, for the same office George Roysen received 323 votes and Wm. Carlson 203.

In the 2d district Ben H. Wilson, Republican, was elected Constable without opposition.

The "New" town board of Irvington was elected on the anti local option issue.

Sold His Farm.

Warfield Hendrick has sold his farm of 230 acres on Beech Fork to Nat Lane and Thomas Hawkins for \$800.

Dissolved Partnership.

Shirley Triplett and Alf Taylor who have been running the Cal Baham farm for two years very successfully have dissolved partnership. Mr. Triplett has moved back to his farm near Rosetta.

Ladies' Reading Club.

The Ladies' Reading Club will meet with Mrs. W. H. Bowmer to-morrow afternoon at 2:30 o'clock instead of with Mrs. George Short as was announced last week.

LODIBURG.

Lovely weather. Health of the community good. The debate at Poplar Grove last Saturday night was quite a success.

Mr. Moely, of Stephensport, returned to A. M. Hardin's Sunday evening.

H. O. Hardin, of Lodiburg, made a flying visit to his sister, Mrs. Will Gibson, of Addison, Sunday.

Mrs. J. M. Fitch, of Cloverport, is visiting her father, A. J. Keys, of this place.

Mrs. W. H. Gibson, of Addison, is visiting her sister, Mrs. Henry Johnson, of this place.

Born—to the wife of Henry H. Johnson, a fine boy, November 12th.

Who is The Governor?

When we went to press a week ago we were confident that a week had rolled around all this turmoil and uncertainty would be done with, that things would have adjusted themselves and that our Governor would have been elected. But such is not the case. The election has come and gone, ballots have been cast and some of them counted but the decision has not been made. The Democrats claim it and the Republicans claim it. How it will end many may prophesy but none can know. Only time and the election commissioners can tell.

The desire of this paper and of all honest men is that the man who has honestly received the most votes, whether he be Goebel or Taylor, be inaugurated Governor of this commonwealth. The official count still continues and the News hopes to be able to give its readers some positive information as to the result by Thanksgiving at least, we trust that some decision will have been arrived at by that time.

Mrs. G. W. Jarboe, of Patesville, who has been ill of typhoid fever for three months, is some better but her condition is still critical.

EPEDEMIC AT PATESVILLE

Microbes of Goebellism Infests the Air.

THEY NEED PHYSICIANS.

PATESVILLE, Ky., Nov. 10.—MR. THOMAS TOSCEY—DEAR SIR AND FRIEND:—I want you to see Mike Hamman and tell him to send out a wagon load of coffins. An epidemic of Goebellism has struck our town and a large number of our citizens are ill with the disease. The symptoms of this disease are peculiar. The direction that the wind comes from seems to have an effect upon the afflicted parties. When the breeze is from Covington, they stand around with their heads down and their eyes about half shut like sick chickens with the cholera, but when the breeze blows from the L. & N. railroad, they appear to revive some. Just at present the wind is stronger than ever from Covington, and the invalids are sinking fast. Dr. Lollas is confined to his bed. Dr. Miller and Dr. Frymire seem to understand this disease but the number of patients is too large for two physicians; they cannot attend to one-half of them. Please send the physicians of your place and if any of them understand this disease, please send them out at once. I am especially interested in the case of Jim Lynch (Jim is my son-in-law, and has a large family.) His pulse is very weak to day, and I feel anxious about him. Please send a little whiskey, Jim likes whiskey.

Yours in haste,
W. H. CORLEY.

Card of Thanks.

Mr. Charles May desires through the News columns to express his heart felt appreciation for the kindness rendered him by the assistance of the good people of Cloverport, in saving his building on the night of the fire.

Mashed His Foot.

Red Davis, while working with the bridge gang at Owensboro, Monday, for the "Henderson route," in handling a large piece of timber, lost control of it and let it fall, mashing his right foot severely.
